Science Saturdays

Gravity, Inertia & Motion

Join us! August 5th*, 2017 11am - 12pm

Gravity, inertia and motion, Oh my! Every day we move and we groove at the speed of life. Join us to learn about the forces that are all around us and that literally make the world go 'round!

Activities vary by location

Supporting Our Communities

We invite you, our loyal customers, to Science Saturdays! On the *first Saturday* of the month from 11am to 12pm*, we will engage young students with simple science experiments using everyday hardware items. If you are an educator interested in our program, please see one of our store managers for details.

* Dates subject to change during holiday weekends.
